About us

We're Scouts and everyone's welcome here. All genders, races and backgrounds. Every week we give almost half a million people aged 6-25 the skills they need for school, college, university, the job interview, the important speech, the tricky challenge and the big dreams: the skills they need for life.

At a time when communities are becoming more divided, we bring people together. We encourage our young people to do more, learn more and be more. We're a worldwide movement, creating stronger communities and inspiring positive futures. We welcome talent from all backgrounds and your contribution to help even more young people succeed in life.

Our strategic plan

By 2025 we will have prepared more young people with skills for life, supported by amazing leaders who deliver an inspiring programme. We will be growing, more inclusive, shaped by young people and making a bigger impact in our communities.

Society is changing. In often fragmented communities, the pressures and expectations on young people are increasing. The future is uncertain. Scouts has never been so important in helping young people prepare for the future, developing the skills they need to succeed in a changing world. Each week almost half a million young people enjoy fun, friendship and outdoor adventure. They develop a sense of optimism and strong values as well as the leadership and team working skills that are more valuable today than ever.

Our movement achieves remarkable things. We have continued to grow for 13 consecutive years. Our previous plan, 'Scouting for All', inspired new Groups and sections to start in an additional 834 areas of deprivation since 2013. We now help over 462,000 young people aged 6-18 (including 102,000 girls) get the best possible start in life. Our social action campaign, A Million Hands, has enabled over 200,000 young people to make a positive contribution in their local communities.

Now we want to go further. Skills for Life is a strategy that supports and empowers our volunteers who are the people that make Scouts a reality. It's a strategy to bring communities together and contribute towards a better society. But most of all, it's a strategy for young people. They deserve the best skills, the best support, and the best possible futures.
